## FOREWARD

Plant Iris in sunny, well-drained locations.

Plant with rhizomes just below the surface of the soil, making a hole sufficiently large to spread out the roots. Pack the soil around them, water and do not let them dry out until new growth has starter. Just damp, not wet.

Shade them with a shingle on the west side for about two weeks.

TERMS—Cash with orders. Postage paid on orders over \$5.00. Orders for less add 50c to cover postage. Shipping time June 15th to Sept. 1st.

I guarantee to ship healthy plant, true to name.
